## **Attention Year 9, 10 and 11 students**

***Please read for information about Regional VET (Vocational Education and Training) Programs and School-Based Apprenticeships in 2017***

### **REGIONAL VET PROGRAMS**

#### **What is Vocational Education and Training (VET)?**

VET (Vocational Education and Training) refers to national vocational qualifications that are endorsed by industry. VET qualifications provide opportunity for students to develop specific industry-related skills. Students with VET qualifications are well prepared to take on apprenticeships (including School-Based Apprenticeships), further education and training, and skilled jobs.

#### **What are Western Adelaide Regional VET Programs?**

Regional VET Programs provide students in year 10, 11 and 12 in Western Adelaide with increased vocational pathway options through a broad range of VET program choices. Regional VET Programs are hosted by schools and Registered Training Organisations (RTOs). Students remain enrolled at their Home School, and attend the Host School or RTO for their chosen VET program.

Further on is information about Regional VET Programs being offered for 2017 (divided into industry areas). More detailed information about each program is also available on our website ([www.wats.sa.edu.au](http://www.wats.sa.edu.au)), under 'Regional VET Programs'. Brochures will also be distributed to schools at the beginning of term 3 (for year 9, 10 and 11 students). Please see your VET Leader to get a copy of this brochure.

#### **What are the benefits of choosing VET?**

Some of the benefits are:

- gaining a nationally-recognised qualification while completing your SACE
- getting a 'head start' in your chosen career
- making your senior school studies more relevant and interesting
- providing opportunities to learn 'on-the-job' through workplace learning
- gaining the skills and knowledge that employers seek in their employees
- providing pathways into apprenticeships, traineeships (including School-Based Apprenticeships and Traineeships), further education or training, and direct employment.

#### **How will doing a VET Program contribute to my SACE?**

The flexibility of the SACE enables students to include a significant amount of VET in their SACE studies. The 'SACE Information' column in the table following shows the SACE information relevant to each course (ie number of SACE credits and SACE stage). Please speak to your school's VET Leader for more information about VET in the SACE or visit the SACE Board website: [www.sace.sa.edu.au/web/vet](http://www.sace.sa.edu.au/web/vet).

#### **Will I have to pay to participate in a Regional VET Program?**

DECD (public) schools in our region (Western Adelaide) support VET students by paying for the course costs of VET programs if the course is part of the students' genuine career pathway and SACE; therefore there are no course costs for students. However, some programs may have specific equipment or materials that you are required to purchase, eg steel-capped boots or equipment that becomes your personal property. Please see the detailed program information on our website ([www.wats.sa.edu.au](http://www.wats.sa.edu.au)) for more detail about these costs. Also, your Home School has a Regional VET Fee of \$100 (please check with your VET Leader about this).

#### **How will I travel to my VET program?**

In most cases, students will be required to arrange their own transport to VET programs and workplace learning. Please speak to your VET Leader to find out what assistance may be available from your Home School.

### **Will doing a VET program affect my other subjects?**

Some students may miss lessons for other subjects while at their VET program. This means that they will need to be well organised and prepared to negotiate subject learning requirements by working closely with their subject teachers and VET Leader.

### **What other SACE subjects could I study that are relevant to my VET program?**

One SACE Stage 1 and 2 subject that is highly recommended for VET students is **Workplace Practices**, as this can be related to your VET program. In this subject, students develop knowledge, skills, and understanding of the nature, type and structure of the workplace. They learn about the value of unpaid work to society, future trends in the world of work, workers' rights and responsibilities and career planning. Students can undertake VET and workplace learning as part of this subject. See your school's Curriculum Handbook for other subjects that your school offers that may relate to your chosen VET program.

### **Will I need to do some workplace learning as part of my VET program?**

Many VET programs require students to undertake Structured Workplace Learning (SWL). This involves learning opportunities related to your VET program in a real or simulated workplace. These placements provide on-the-job training and mentoring to develop your technical and employability skills. SWL also provides opportunity for on-the-job assessment as part of your VET program.

The Department for Education and Child Development (DECD) provides Workplace Learning Guidelines for all South Australian schools. Before participating in workplace learning, your school will ensure you have undertaken a program of workplace orientation (suggested minimum time of five hours). You will also need to complete a Workplace Learning Agreement Form from your Home School, and ensure that it is signed by all parties (student, parent/caregiver, work placement provider and Home School Principal). Please see your VET Leader for a copy of your school's Workplace Learning Agreement Form.

### **How can I find out more about a Regional VET Program (Course Open Days)?**

To help students make informed decisions about applying for Regional VET Programs next year, many Host Schools are offering 'Open Days' for interested students to visit the Host School, meet the teacher/trainer and current students, and to see the course in operation. See the table following for dates and times of Open Days for each course. To attend one of these Open Days, you must RSVP to the Host School (see contact details in the table) at least one week prior to the Open Day date advertised, using the RSVP contact provided in the table. When you RSVP, please provide your name, Home School, current year level, email address and a contact phone number. In conjunction with your parents/caregivers, you will need to arrange your own transport to these sessions, and ensure that you have completed and returned the permission form available from your Home School VET Leader.

### **What Regional VET Programs can I enrol in for 2017?**

The table following provides a brief summary of the programs offered for 2016 (grouped in industry areas). To find out more detailed information about each program, please go to [www.wats.sa.edu.au](http://www.wats.sa.edu.au) (and click on 'Regional VET Programs'). 2017 program information will be available on this website from the beginning of term 3, 2016.

### **Who can I speak to about a Regional VET Program?**

Please contact your school's VET Leader for more information.

### **How do I apply for a Regional VET Program?**

**Step 1:** Read the information about each program in the table following (also available in the brochure distributed to your school).

**Step 2:** Read the detailed Program Information for the program/s you are interested in and encourage your parents/caregivers to read this too. This information is available for each program on our website ([www.wats.sa.edu.au](http://www.wats.sa.edu.au)) under 'Regional VET Programs'.

**Step 3:** Fill out the Student Application Form and hand it to your VET Leader by **Friday week 8, term 3 (16 September, 2016)**. See your VET Leader for a copy of this form, or download it from [www.wats.sa.edu.au](http://www.wats.sa.edu.au).

**Step 4:** You will be provided with more information about the program from the Host School/Organisation, including the particular selection and enrolment procedures, which may include an interview. Selection for entry to regional programs will be based on the following principles:

- Demonstrated capacity for independent learning and meeting the requirements of the program.
- Identified relevant interest and/or experience in the program.

**Step 5:** Applicants will be advised of the enrolment outcome early in term 4.

**Step 6:** Applicants may need some further subject counselling at their Home School to ensure that their VET program is included in their SACE and timetable.

## **SCHOOL-BASED APPRENTICESHIPS**

### **What is an Australian School-Based Apprenticeship (ASBA)?**

A School-Based Apprenticeship is a great way to start your career while completing your SACE. ASBAs allow senior school students to combine paid work, training and school, while working towards their SACE and a nationally-recognised qualification. Students undertaking ASBAs commence a **Contract of Training** through a part-time Apprenticeship or Traineeship. They learn skills (competencies) on-the-job and through training with a Registered Training Organisation (RTO).

### **What are the benefits of undertaking a School Based Apprenticeship or Traineeship?**

- Getting a head start in your chosen job without competing with the rest of the school leavers in the state.
- Earning credits as part of your training which accrue towards your SACE.
- Starting your career and earning money while you are still at school.
- Working towards or gaining a nationally-recognised qualification.
- Gaining hands-on experience in a career-orientated job.
- Having adult responsibility as a member of the workforce.

### **Does an Australian School-Based Apprentice get paid?**

Yes! The relevant industry Award covers most School-Based Apprenticeships. Students are paid for the time spent in the workplace.

### **How long does an Australian School-Based Apprenticeship take to complete?**

If the ASBA is not completed prior to the student completing SACE, students will continue on as a permanent employee until it is completed. Apprenticeships are now competency-based, which means that if all the training is successfully completed and the employer believes the Apprentice or Trainee is competent in all areas, the Contract of Training can be 'signed off'. Students commencing a Certificate III or IV generally work part-time while still attending school, then continue full-time to complete the Apprenticeship when their schooling is finished (SACE is achieved).

### **How much time does a School-Based Apprentice spend away from school?**

As facilitated by the school's Apprenticeship Broker, the School-Based Apprenticeship can be organised in a number of ways. It can be by working one or more days a week; on weekends; during school holidays or blocks of time (eg a number of weeks in a row). This is negotiated between the employer, the school and the student. At least eight hours per week on-the-job is required.

### **What are Apprenticeship Brokers?**

Apprenticeship Brokers are employed by the Department of Education for Child Development (DECD) as part of the Trade Schools for the Future strategy. Their role is to facilitate School-Based Apprenticeships between students, parents/caregivers, employers, schools and Registered Training Organisations. This involves negotiation of work day(s) or hours at work and a review of students' individual learning plans for SACE completion. In Western Adelaide, we have two Apprenticeship Brokers (Vicki Bryant and Chris Houlty) who work closely with students, school staff and parents/caregivers to connect students with employers to establish School-Based Apprenticeships.

### **How can I meet with an Apprenticeship Broker?**

Year 10, 11 or 12 students from public schools in the Western Adelaide Trade Schools for the Future cluster (and their parents/caregivers) can arrange a meeting with an Apprenticeship Broker. There are programmed dates and times that interviews at each school are available. Students can contact their school's VET Leader to arrange a meeting.

### **Where can I find out more information?**

For more information about School-Based Apprenticeships, please go to [www.wats.sa.edu.au](http://www.wats.sa.edu.au). Your Home School VET Leader will also be able to give you more information.

# WESTERN ADELAIDE REGIONAL VET PROGRAMS 2017

The program information following was correct at the time of printing. There is a possibility that details for some programs may change. It is not guaranteed that all programs will run, as formation of classes is based on viable numbers of students selecting programs. Updated information will be provided on our website as it becomes available ([www.wats.sa.edu.au](http://www.wats.sa.edu.au)).
